

# **2006 MBI Summer Institute**

## **June 12-16, 2006**

### **Montana State University - Bozeman**

During the past ten years the Montana Behavioral Initiative (MBI) Summer Institute has been a huge success. Last year's Institute had 850 people attend from across the state who came together with other MBI teams and professional counterparts to learn how to assist their school and community to improve student behavior and responsibility. This year's Summer Institute is designed to motivate and equip individuals, schools, and communities to unite in nurturing competent, caring, and responsible children and adolescents with an emphasis on positive behavior supports and intervention. We invite you to join us for the Summer Institute which promises to be one of the best. Participate in a week of professional development that will provide the necessary skills to manage, motivate, discipline, and teach our youth.
